

I want to tell you how I feel about KLOVE radio station. KLOVE is available here in Idaho Falls, ID on 91.3 fm. I have been listening to KLOVE for 5 years now. I found it when I got sober. That station has literally helped keep me sober. And I know, God Himself, has provided the Godly, Jesus centered, family friendly, and the only POSITIVE & ENCOURAGING service I have ever found and listened to. KLOVE has provided this service for our community for approximately 6 years. I know alot of people here in Idaho Falls listen and DEPEND ON this station to get them away from all the TRASH out there. I know without KLOVE, this community would suffer. It would be TRAJIC TO LOSE IT TO LPFM! There is so much trash coming from all directions. KLOVE IS THE ONLY POSITIVE & ENCOURAGING information in this area. TV is way out of control with sex and exploiting trash, the internet has ANYTHING, the other radio stations are for selling products and provide news I can most times live without knowing. It would be a great diservice and I pray, along with all KLOVE listeners, to PLEASE DONT REPLACE OUR ONLY POSITIVE & ENCOURAGING WITH MORE TRASH!!!!
